Dear Sam,

RE: Submission EGUSPHERE-2022-16

Thank you for taking the time to review our manuscript. We'll just address a couple of points.

- We didn't receive an ethics number from Durham University as the project was EU Commission funded. However, we did sign ethics forms in regard to the Marie Skłodowska-Curie Grant Agreement 749664, of which this project was part. In terms of Durham University, no specific ethical reference number was created.

- Also, the photo of the Moon in the supplementary material is a free-to-use stock photo, which acts as our Think Like A Scientist logo. We understand that we do not need to credit it given this 'logo' status.

Thank you again for your comments on the manuscript – we look forward to hearing your response.

Kind regards,

Phil Heron and Jamie Williams
