

Dear Editor,

The manuscript was revisited and no paragraphs consisting of only one or two sentences were found as said to be the case in lines 75, 190, 194, 206, 211-225, 230, etc. Perhaps the problem stems from re-sending the last manuscript version by One Drive (as requested by the file review validation team).

In any case, please find the final document enclosed.

Thank you very much.
