

Reviewer #1

I thanks the Authors for considering and responding to all my comments and suggestions, and I appreciate the work they did to improve the manuscript. In my opinion, results persentend in the paper are now more robust and I defenely recommend it for publication in ACP. Just after a few typos here and there are corrected (see e.g. L187, L344, L420).

R: We thank the reviewer for the positive and constructive comments to improve the clarification. We have corrected the typos mentioned above and check the manuscript thoroughly.

L187: The repeated phrase “Before the machine-learning process” has been deleted

L344: quotation mark has been deleted

L420: “Dust” has been corrected to “dust”.
