

Author's response for a revision

We found two types of typos in the final version of the manuscript, which we corrected.

- Instead of Fig. A2 we referred to Fig. A1. The same applies to Fig. A2–A8. This has been corrected in the manuscript.
- We used the wrong reference for the figure panels. Instead of Fig. 8a, Fig. B1a, etc. we referred to Fig. 8(**a**), Fig. B1(**a**). This typo appeared in sections Sensitivity Analysis and Appendix B. This has been corrected in the manuscript.
