

Response to reviewers II

We thanks the reviewers again to reviewing the manuscript.

- We corrected the typos and reconciled the conventions for ICESat-2 (IS2) and WAVEWATCH III (WW3).
- L112: This was indeed at typo. we rewrote $k^2 \tilde{S}_h(k) = \tilde{S}_c(k)$

I also moved to a new position so it be good to add my current address to the manuscript:
