

*Dear Manuela Brunner*

*Thank you very much for the timely handling of our paper.*

*We have addressed your technical remarks: we included a footnote to explain *ibid.* (*ibidem* (latin): in the same place; used in referring again to the book, page, etc. cited just before) and have provided the figures in higher resolution.*

*We hope that this will be to your satisfaction.*

*Best, Lena Katharina Schmidt on behalf of all authors*
