

Response to editor

Dear authors,

I think you have adequately replied to the reviewer's concerns. Therefore I am happy to accept your paper for final publication in ACP subject to technical corrections as follows:

I think panel (b) and panel (c) of Figs. 5 and 7 are mixed up in the figure caption. I think the reference of the last sentence of the figure captions "Dots indicate significance at the 95% confidence level." is also mixed up (I think it belongs to the panel indicated as (c) in the figures but as (b) in the figure captions).

Please make necessary corrections and resubmit your paper for final copy-editing, type-setting, and proof-reading.

Kind regards,
Gabriele Stiller

Dear editor,

Following your indications, we have corrected the captions of figures 5 and 7.

Thanks very much,
Cristina Peña
