Manuscript updates to *Assessing the potential for ice flow piracy between Totten and Vanderford glaciers, East Antarctica*

*Felicity S. McCormack, Jason L. Roberts, Bernd Kulesa, Alan Aitken, Christine F. Dow, Lawrence Bird, Ben K. Galton-Fenzi, Katharina Hochmuth, Richard S. Jones, Andrew N. Mackintosh, and Koi McArthur*

Dear Dr MacGregor,

Please find attached the updated manuscript, with revisions as per our response document on 21 August 2023.

In the attached updated manuscript we have also edited figure 3 – the colour scale to make it easier for visualisation, and the legend to make it more clear. A number of other minor edits were also made (e.g. correcting unit typos in table 1).

Sincerely,

Felicity McCormack and co-authors.
