We thank to the Reviewer 2 for the detailed inspection and comments which improved the quality of the manuscript. Two figures as mentioned are revised by editing the labels of the Figure 6 and in Figure 3 cropped part of the figure is improved now. Also, lnEobs=lnEmod is used to minimize the error function which is calculated using least squares method mentioned now in the text in more detail.

We thank additionally to Michal Malinowski (Topic Editor) and Susanne Buiter (Executive Editor) for their valuable comments and their quick responses.
