

We sincerely thank the reviewers and the editor for their feedback and support of our revised manuscript. Per the editor's request, we have uploaded the data and code associated with this paper to the University of Minnesota Digital Repository. It is currently being reviewed by their curators and will soon be assigned a doi. We have put a placeholder doi (<https://doi.org/XXXX>) in the 'Code availability' and 'Data availability' sections of the paper, and will replace this with the actual doi when we receive the proofs.
