	We sincerely appreciate your time and efforts in carefully checking our manuscript. We have tried our best to incorporate your constructive suggestions. We are sure that our manuscript has been improved enough to be ready for publication. You can track down all the changes we made, based on your suggestions, in the file-tracked.
Line 18: Mw 6.7-7.1?	We modified the sentence. *Line 18* "magnitude of M_w 6.7–7.1"
Line 54: delete "to people".	We modified the sentence. *Line 54* "caused damage near the epicentres"
Line 61: a few recent studies	We modified the sentence. *Line 61* "except a few recent studies"
Line 64: I think the Yangsan Fault requires some basic information before focusing on the pattern of earthquake behavior here to show why it is chosen for studying.	We added the sentence. *Line 63-65* "The Yangsan Fault is one of the vital intraplate faults in Korea that could solve this puzzle, with recent reports of Quaternary surface rupture (e.g., Kim et al., 2023), but many unknowns remain."
Line 65-74: It is better to use the simple present tense in this paragraph to match other paragraphs.	We modified the sentence. *Line 67, 68, 70* "This study seeks to trace" "To achieve this, we apply multiple" "We focus on the Byeokgye"
