

The reviewer's comments are in black, and responses are in blue.

Dear Editor,

In the revised paper, the color schemes used in Fig. 2 and 3 are modified to allow readers with color vision deficiencies to correctly interpret your findings.

Reviewer 1:

Overall, I feel that the manuscript is much approved and the authors addressed all of my comments. I appreciate all of the additional work you put into the paper and feel like it really improved. I look forward to seeing this manuscript published and feel that it will be a unique contribution.

Reply: Again, thank you for the insightful comments, which are helpful to improve the paper.
