

Review EGUSPHERE-2024-3138

Revised R2 version, submitted, 05.03.2025

"Quantification of Baltic Sea Water Budget components Using Dynamic Topography"

Responses to reviewers' remarks

REVIEWER #1

Please check that all abbreviations are explained, now there is at least NAP (line 102), BSCD2000 (line 140) and E-HYPE (line 148) that are not explained at all.

Thanks for your observation. The abbreviations are explained in the text. Please refer to lines: 87, 102, 126, and 150
