Authors' responds to Anonymous Referee #2:

We would like to thank the reviewer again for the final review report and feedback. We present the reviewer's comments (in black), our responses (in red).

1. Typos

Fixed, thanks.

2. For Fig. 6,7 and 11: Is it possible to increase the contrast of the blue percentages? Perhaps to a lighter blue?

We now changed the color map and the contrast of Fig. 6, 7 and 11 to improve the visibility.
