Brussels, March, 8, 2025

Dear Editor,

Dear Rui,

Thank you very much for your feedback on our manuscript and your positive evaluation on its content. We have modified the color of the lines (green to blue) to all the affected figures, and also increase the size of the figures that looked stretched. We suppose that the size of the figures will be adapted at proofreading stage.

Best regards

Stéphane Vannitsem (on behalf of all the authors)
