

RESPONSE TO EDITOR

Dear Authors,

Thanks for your efforts to improve your manuscript during the review process. Thank you to the reviewers who's comments and suggestion have been a great and good contribution. As the review is approaching its end, please make sure your abstract respect the ACP guidelines limitation to 250 words. It is currently more than 300 words and I believe it can be reduced and fit the limitation while keeping a very good quality. Best

Authors:

Dear Editor,

Thank you for your message and for your guidance throughout the review process. Following your request, we have revised the abstract to comply with the ACP guidelines, reducing it to 250 words while maintaining its clarity and quality. Please find the updated abstract in the revised manuscript.
