

The Editor of *The Cryosphere*

Object: Manuscript re-submission

Dear Editor-in-chief of The Cryosphere,

Please find enclosed the 2nd revision of the manuscript entitled “*A Multisensor C-band Synthetic Aperture Radar (SAR) Approach to Retrieve Freeze/Thaw Cycles: A Case Study for a Low Arctic Environment.*”. The authors of this manuscript are Charlotte Crevier, Alexandre Langlois, Chris Derksen and Alexandre Roy.

We would like to thank the reviewer and the editor for the useful comments made on our work. All figures were updated and improved. The high-resolution figures will be provided for the final editing.

We hope that manuscript will be well received. We are available to answer any questions.

Sincerely,

Alexandre Roy
Full Professor at Université du Québec à Trois-Rivières
