

Dear Dr. Alencar,

Thank you very much for your constructive comments. Please see our point-by-point corrections below:

*Figure 1: Improve readability; legend text is too small.*

We have increased the text in the legend:

Figure 4: Improve readability; coordinates and legends in panels b and c are not readable.

We have increased the text of the legend in b) and c), and removed the coordinates from the frame:

Figure 5: Improve readability; axis labels and text are too small.

We have increased the text size throughout the figure:

Figure 6: Improve readability; axis and labels are too small.

We have modified the colorbars for better readability.

Figure 7b: Improve readability; axis and labels are too small.

We have increased the size of the text in the figure.
