Title: Regional-scale groundwater analysis with dimensionality reduction

I would like to thank the authors for their efforts in revising and improving the manuscript in line with the referees' requests. The manuscript has now reached a satisfactory level from a scientific standpoint. However, I kindly ask the authors to pay attention to the visual presentation of the figures before publication. Please address the following points:

- Figure 1: Improve readability; legend text is too small.
- Figure 4: Improve readability; coordinates and legends in panels b and c are not readable.
- Figure 5: Improve readability; axis labels and text are too small.
- Figure 6: Improve readability; axis and labels are too small.
- Figure 7b: Improve readability; axis and labels are too small.
