

Dear Reviewer,

Thank you for your valuable feedbacks, those feedbacks and suggestions are very important to strengthen my paper quality.

I correct all comments one by one on the revised manuscript based the journal standard.

General Comments	I try to correct into consistent and surprising findings based on the review paper and journal standards. This strength my paper quality.
Specific Comments:	I accept your comments, I try to correct them especially referencing and the idea correlation, sentences bias. I can correct on the revised manuscript.

I hope this finds you well. I look forward your positive response.

With kind regards

Bishaw Mihret
