2 **1) Editor's report**

4 **Public justification (visible to the public if the article is accepted and published):**

5 I thank the authors for their comprehensive revisions of the manuscript. Following the re-assessment of Referee 2 and my
6 own evaluation, I am pleased to accept the manuscript for publication subject to the following minor technical corrections:

- 7 - L35: Correct reference "Hayashi, 20220" to "Hayashi, 2020"
- 8 - L71: Correct "naturel" to "natural"
- 9 - The text mentions both "TL3" and "TLC3", should it be "TL3" throughout? (see L176 / L312)

11 **2) Author's response**

13 We thank the editor and the reviewer for their review and the acceptance of the manuscript. We made the corrections required
14 by the editor in the uploaded manuscript.

15 We decided to mention time-lapse cameras as TLC throughout the text and not TL. We changed all occurrences.

17 Sincerely,

18 Bastien Charonnat and the co-authors

20 **3) Author's changes in the manuscript**

- 22 - Correction of typos at L35 and L37 reported by the editor.
- 23 - Correction of all "TL" occurrences in "TLC".
