

Dear editor and referees,

We are very happy that our revisions were satisfactory and that the manuscript has been accepted subject to small technical corrections. We thank the reviewers for their constructive feedback and comments, which have improved the clarity, focus and impact of our study.

We have applied the technical corrections raised by Reviewer 2:

- We have corrected the inconsistency from line 635 with the correct `\citep[e.g.,]{{}}` citation command in LaTeX.
- We have made the math styles of all “less-than” and “more-than” symbols consistent.
- We have changed/corrected the order of citation `YYYYb,a` to be `YYYYa,b`.

We look forward to seeing the manuscript published. Thank you very much.

Best wishes,

The authors
