

Review Comments – Round 2

I thank the authors for clarifying the review questions and making the recommended changes in the manuscript. I would like to point out one aspect that still needs improvement for an article to be accepted in a scientific journal – presentation of figures. Please see below for recommendations on this.

1. Figure 2 – Labels a,b,c,d,e,f are missing. The last column elements should align with the subplot of size of other figures in the row. I recommend decreasing the size of the subplots in last column to match the others.
2. Figure 3 and 5 – Minor but please make sure the sub/superscripts for labels such as NO₂, NH₃ is properly done throughout.
3. Figure 7 – Labeling of panels missing. Also please fix the date title on the top so that it doesn't overlap with the title of the panel a
