

Title: Flow Structure and Mixing Near a Small River Plume Front: Winyah Bay, SC, USA

Author(s): Papageorgiou et al.

MS No.: egusphere-2025-189

MS type: Research article

Dear Editor,

Once more we appreciate the time reviewers spent on this manuscript and the constructive comments provided during the process.

The final version of the accepted manuscript is submitted here. The manuscript have been thoroughly checked for editorial and grammatical errors and my co-authors and I believe that is ready for publication in EGU Oceans.

Thank you for the opportunity

Sincerely

George Voulgaris

On behalf of all my co-authors
