

Author responses (AC) to comments for Maier et al. manuscript 03.11.2025

Dear editors,

Thank you for accepting the manuscript “Parent material geochemistry – and not plant biomass – as the key factor shaping soil organic carbon stocks in European alpine grasslands” for publication in the Journal of Biogeosciences. We have found 1-2 additional typos and changed them. Thank you for your time and effort in the processing, reviewing, editing and publishing of this manuscript.
