

Notification to the authors 1 (03 Dec 2025):

Please do not separate the figure captions from the actual figures. Please directly place the individual figure captions below the respective figure image.

Thanks for your reminder. We have placed the individual figure captions below the respective figure image.

Notification to the authors (01 Jul 2025):

Figure 1 may contain a territory that is disputed according to the United Nations. If and when the manuscript is accepted for final revised publication, you will be asked to choose one of the following options: (a) you could remove the disputed territory from the map and submit new figure files, or (b) we could add a statement that some figures contain disputed territories.

Thanks for your reminder. We potentially chose (b) to add a statement that Figure 1 may contain disputed territories, but we are unclear in which section of the manuscript it would be more appropriate to place the statement. It is important to note that our map is based on and solely depict the territory of China (Please see <http://bzdt.ch.mnr.gov.cn/>).

We are looking forward to your guidance.

On behalf of all authors, best regards,

Linna Ma
