Office
Dear editor(s),

We are pleased to resend our final manuscript tilted:

"**Polyphase tectonic, thermal and burial history of the Vocontian basin revealed by U-Pb calcite dating**",

All the minor corrections have been done as well as the check of the colors chart of the fig. 11 as requested.

We hope that you will find this final version suitable for editing process.

With kind regards, on behalf of co-authors,

Louise Boschetti (corresponding author)
