Dear Dr. Lelli and AMT,

Thank you for your help and the careful editorial review of our manuscript.

We have addressed the editorial points as follows:

1. Reference formatting: We have checked all references cited in the text and confirmed that they follow the required AMT citation format (e.g., Smith (2009) or (Smith, 2009)).
2. Section and subsection numbering: We have checked the manuscript and confirmed that all sections and subsections are appropriately numbered.
3. Graphical abstract: We have added a graphical abstract to the revised manuscript.

We thank you and the Copernicus editorial staff for your assistance in preparing the manuscript for publication.

On behalf of all authors,

Matthew Johnson
